Busing is available for students in grades K-8 who live in these school districts: Pocono Mountain, Stroudsburg, East Stroudsburg, and Wallenpaupack.

Tuition assistance and scholarships for Monsignor McHugh School students are made available through the Diocese of Scranton's Scholarship Foundation.

A Tradition for Over 50 Years...

Monsignor McHugh School is proud to be a Catholic educational institute for more than 50 years in the Pocono Mountains of PA. The school offers a comprehensive education for students ranging from Pre-K through 8th grade. We address the intellectual, spiritual, physical, social, and creative needs of each child. Our graduates attend Notre Dame High School where they prepare to excel beyond high school as to thrive in college and in their life pursuits.

At Monsignor McHugh School, we are blessed with a campus that has a full cafeteria and a gymnasium that includes a stage for our concerts and plays; on our second floor, there is a chapel, complete library and media center, state-of-the-art computer lab, and a science laboratory. We also have a newly installed playground, baseball fields, and soccer fields.

Mission Statement

Monsignor McHugh School is a Catholic school dedicated to addressing the spiritual and academic needs of its students. We strive to provide an environment that encourages educational, spiritual, and social growth. We pursue this mission by providing programs for students that enable them to become successful, responsible members of society in light of the Gospel values.
